Girlish Complexion Easily Acquired

(From Woman's Magazine.)

If your complexion has been so far from simple, harmless home treatment. It will prove a revelation to you. This evening before retiring cover the entire face with a thin layer of ordinary mercurized wax, which you can get at any drug store. In the morning wash this off with warm water, followed by a dash of cold. Fine particles of the lifeless scarf skin adhere to the wax and are removed with it. Repeat this treatment nightly until the entire surface skin is absorbed in this way. The result—the loveliest natural complexion imaginable. The fresh, new skin then in evidence is soft and velvety in appearance, delicately tinted with the bloom of youth.

The old surface skin comes off so gradually, there is no pain, no inconvenience, and no detention indoors. Chaps, blackheads, freckles, moth patches, liver spots, pimples or any eruptions are of course removed with the skin itself.—Adv.

YOUR DOORS AND WINDOWS LEAK! Stop all draught by using Monarc Metal Weather Strips. Little children catch cold when they play upon cold draughty floors. Feet will greatly be reduced if cold winds are kept out at windows and doors.

Pre-Inventory Sale of Linoleums

Because we must move from our rooms many of our linoleums, we begin Monday morning a stupendous sale of all our entire stock of printed and inlaid linoleums. The prices are brought down so far that in some cases they are only a fraction of the original cost. In every instance they are much lower than the original figures, giving us slightly more than cost. The sale is the biggest we have ever conducted in our linoleum department. See these excellent goods Monday and judge for yourself. Some are now displayed in our south window. Remember, the prices are the lowest in the city for the quality, and it will be many months before they can be duplicated. Bring measurements and get exact linoleums for your rooms. These linoleums may not be needed in your home now, but they undoubtedly soon will be, and the prices are so little that you can afford to buy now and keep in storage until needed.
